II.

TITLE : IMPROVEMENT / REHABILITATION OF LEVEL III WATER SYSTEM IN BRGY. LAGUNDI

ADDRESS : Sitio Yapak, Brgy. Lagundi, Morong, Rizal

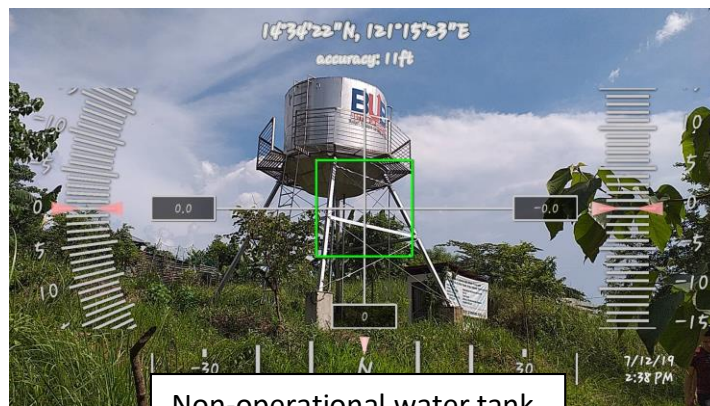

PROGRAM : DILG Assistance to Municipalities (AM) 2020

BUDGET : P 1,500,000.00

STATUS : Completed

For many years, residents of Sitio Yapak only source of water is a long stretch of stream in the area. They would walk down the stream every single day, young and old, to collect water for their household use. This was the main reason

Wherefore, this project spearheaded by the LGU thru DILG AM 2020, has provided sustainable water supply to the community of Sitio Yapak. Residents are delighted on the progress and enjoying the water supply at their own home. Currently, there are about 20 household connected with meters and more than 80 households are lined-up. The community will benefit a lot from this project, mainly: easy access to water, reduced water carrying burdens, improved health and nutrition, elimination of unsafe sanitation practices, regular cleaning and disinfection of their houses.
